Présentation de l'auteur Optimal nutrition works synergistically with modern oncology procedures and can dramatically improve the quality and quantity of life for cancer patients.

Nutrition helps to harness the incredible healingpower of nature and science, with the results being a healthy human body that is self-regulating and self-repairing. Biographie de l'auteur Dr. Patrick Quillin spent ten years as a specialist in nutrition for a network of cancer hospitals working with oncologists to provide synergism between medication and nutrition. He has organized three international scientific conferences on nutrition and cancer and is author of a number of books on cancer, diabetes, and other health matters.
