## Description :

Prsentation de l'diteurIn this guide filled with helpful tips , the author Laure Simonin shares with you her artistic skills via her favorite subject , animal art . Here you will find everything you need to paint with gouache , whether as an amateur or as a seasoned painter.What equipment should you use? How should you choose and mix the colors ? How should you go about painting in gouache? This book will answer those questions, and much , much more!You will discover in these pages how to master the basic techniques of this rich and versatile medium , illustrated by many works of the author and explained in detail.Gouache painting will soon no longer be a mystery for the inexperienced reader.Why gouache ?Unfortunately, gouache has become the disfavored stepchild of painting. Often associated with school practice, it is now viewed primarily as a material for exercises or illustration rather than a proper style of painting in its own

right. It is thus now more commonly used by designers and illustrators rather than by painters. However , it has many unique properties and presents its own challenges that make it a particularly endearing and pleasant to work with medium. Here are some comments from readers about the guide " How to Paint la gouache ""Thank you for this tutorial ! You have inspired me to revisit gouache (I havent done it since my college days... ) .
