## Description :

Présentation de l'auteur  
This book investigates who Lady Godiva was, how the story of her naked horseback ride through Coventry arose, and how the whole Godiva legend has evolved from the thirteenth century through to the present day. Traces the erotic myth of Lady Godiva back to its medieval origins. Based on scholarly research but written to be accessible to general readers. Combines history, literature, art and folklore. Focuses on the twin themes of voyeurism and medievalism. Contributes to our understanding of

cultural history, medievalism and the history of sexuality. Revue de presse" There is much of interest in this unpretentious, historically grounded and thoughtful book[...] For those seeking ways of exploring the new discipline of medievalism, that is, how the medieval past is viewed, guiltily or otherwise, by successive eras Daniel Donoghues study offers an inspiring model of clarity and cogency." Times Literary Supplement "Intelligent yet entertaining, this text will appeal to readers interested in folklore, literature, history, and pop culture. [...] Highly recommended." Choice "Donoghues history of Lady Godiva is a luxurious, gratifying read one feels upon finishing it that one has become quite the expert on this slightly naughty topic! [...] Donoghues writing style is upbeat and enjoyably irreverent, conveying his personal enthusiasm for a subject which he has obviously researched exhaustively and conscientiously." Journal of Medieval and Renaissance Studies Presentation de l'auteur This book investigates who Lady Godiva was, how the story of her naked horseback ride through Coventry arose, and how the whole Godiva legend has evolved from the thirteenth century through to the present day.
