**Description :** Description du produit53 CURED Cases The First Year Cure, not treatment, is the subject of this book. In 1991 Dr. Clark discovered the source of HIV. Once the source became clear the cure became obvious. but would it work? After curing 53 cases in a row, all who used this method, Dr. Clark could wait no longer to present these findings. Since that time many more have been cured, too many to be added to this book. Most important is adding yourself to that list! Electricity can now be used to kill bacteria, viruses and parasites in minutes, not days or weeks as antibiotics require. If you have been suffering from HIV infection or AIDS related illness, learn to build the electronic device that will stop it immediately. It is safe and without side effects ad does not interfere with any treatment you are now on.

and Recover. About the author Dr. Clark is an independent research scientist. Dr. Clark has a Bachelor of Arts, Magna Cum Laude, and the Master of Arts with High Honors from the University of Saskatchewan, Canada. Then she studied for two years at McGill University before attending the University of Minnesota and obtaining her doctorate degree in physiology in 1958. After doing government sponsored research for almost ten years at Indiana University, she began private consulting in nutrition in 1979. She continued her studies to earn a Naturopathy degree and an amateur radio license. The freedom to follow her most promising observations led to the breakthrough discoveries described in this book.
