Description :

Prsentation de l'diteur Adverse reactions to over-the-counter and prescription drugs are currently estimated to kill more than 100,000 Americans a year (making this the fourth leading cause of death in the United States behind cancer, heart disease, and stroke). Drawing on more than twenty years of scientific research, Dr. Michael T. Murray reveals how the pharmaceutical treatments of the most common diseases that plague our society are often ineffective and result in serious, widespread side effectsand then explains how natural treatments can help us avoid them. What the Drug Companies Wont Tell You and Your Doctor Doesnt Know makes clear that we must radically reevaluate the way that we take care of ourselves, and Dr. Murray provides clear guidance on the steps necessary to help you lead a fitter, happier, and healthier life.
